The cost of this solicitation will be borne by us. Except as otherwise stated, the information contained herein is given as of April 13, 2018.

Appointment and Revocation of Proxies

The persons named in the accompanying form of proxy are nominees of the Corporation's management. A SHAREHOLDER OF RECORD DESIRING TO APPOINT SOME OTHER PERSON (who need not be a Shareholder) to represent the Shareholder at the Meeting may do so, either by:

- (a) STRIKING OUT THE PRINTED NAMES AND INSERTING THE DESIRED PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY; OR
- (b) BY COMPLETING ANOTHER PROPER FORM OF PROXY.

The completed proxy must be deposited at Computershare Investor Services Inc. ("Computershare"), Proxy Dept., 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or at the office of the Corporation, 82 Richmond Street East, Toronto, ON M5C 1P1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or any adjournment of the Meeting.

A proxy given by a Shareholder of record for use at the Meeting may be revoked in any manner permitted by law. A Shareholder of record may revoke a proxy by depositing an instrument or act in writing executed by the Shareholder of record, or by the Shareholder's attorney authorized in writing, or if the Shareholder of record is a corporation or association, under its corporate seal, or by an officer or attorney thereof duly authorized, at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the chair of the Meeting on the day of the Meeting, or any adjournment thereof, and upon either of such deposits the proxy is revoked. The registered office of the Corporation is The Canadian Venture Building, 82 Richmond Street East, Suite 208, Toronto, Ontario, M5C 1P1.

Signature of Proxy

The enclosed instrument of proxy will not be valid unless executed by the Shareholder of record or his attorney authorized in writing, or if the Shareholder of record is a corporation or association, the proxy should be signed in its corporate name under its corporate seal or by an authorized officer whose title should be indicated. A proxy signed by a person acting as attorney or in some other representative capacity should reflect such person's capacity following his signature and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless such instrument has been previously filed with the Corporation). In addition, Computershare provides both telephone voting and internet voting as described on the proxy itself which contains complete instructions.

Voting of Proxies

All common shares ("Common Shares") of the Corporation represented at the Meeting by properly executed proxies will be voted or withheld from voting in accordance with your instructions as a Shareholder of record on any ballot that may be called and if you, as a Shareholder of record, specify a choice on the enclosed form of proxy with respect to any matter to be acted upon, your shares will be voted for or against or withheld from voting in accordance with your instructions as specified in the proxy you deposit.

Except where otherwise stated, a simple majority of 50% plus 1 of the votes cast at the Meeting is required to approve all the business matters of the Meeting.

IN THE ABSENCE OF ANY INSTRUCTIONS ON THE PROXY, IT IS INTENDED THAT ANY PERSON DESIGNATED BY MANAGEMENT IN THE ACCOMPANYING FORM OF PROXY WILL VOTE THE COMMON SHARES REPRESENTED BY THE PROXY:

1. FOR THE NOMINEES OF MANAGEMENT FOR DIRECTORS;
2. FOR THE APPOINTMENT OF UHY MCGOVERN HURLEY, LLP, CHARTERED ACCOUNTANTS AS AUDITORS OF THE CORPORATION;
3. FOR AUTHORIZING THE DIRECTORS TO FIX THE REMUNERATION OF THE AUDITORS;
4. FOR AN ORDINARY RESOLUTION APPROVING THE INCREASE IN THE NUMBER OF COMMON SHARES RESERVED FOR ISSUANCE UNDER THE STOCK OPTION PLAN OF THE CORPORATION;
5. FOR A SPECIAL RESOLUTION (66 2/3%) AUTHORIZING THE CONSOLIDATION OF THE ISSUED AND OUTSTANDING SHARES OF THE CORPORATION ON THE BASIS OF A RATIO WITHIN THE RANGE OF ONE POST-CONSOLIDATION COMMON SHARE FOR EVERY FIVE (5) PRE-CONSOLIDATION COMMON SHARES TO ONE POST-CONSOLIDATION COMMON SHARE FOR EVERY TEN (10) PRE-CONSOLIDATION COMMON SHARES; AND
6. FOR THE TRANSACTION OF SUCH FURTHER AND OTHER BUSINESS AS MAY PROPERLY BE BROUGHT BEFORE THE MEETING OR ANY ADJOURNMENT THEREOF.

Exercise of Discretion by Proxies

The form of proxy affords the Shareholder an opportunity to specify that the Common Shares registered in the Shareholder's name shall be voted for or withheld from voting in respect of the election of directors and the appointment of auditors and shall be voted for or against the authorization of the directors to fix the remuneration of the auditors. The form of proxy accompanying this Information Circular confers discretionary authority upon the named proxy holder with respect to amendments or variations to the matters identified in the accompanying Notice of Meeting and with respect to any other matters, which may properly come before the Meeting. As of the date of this Information Circular, Management knows of no such amendment or variation or other matters to come before the Meeting. However, if any other matters, which are not now known to Management, should properly come before the Meeting, then the Management designees intend to vote in accordance with the judgment of Management. In particular, in the event that any vacancies occur in the slate of nominees, it is intended that such discretionary authority shall be exercised to vote the Common Shares represented by such proxies for the election of such other person or persons nominated in accordance with the best judgment of management.

Voting of Shares

The board of directors ("Board" or "Board of Directors") has fixed the record date of the Meeting at the close of business on April 13, 2018 (the "Record Date"). Shareholders of record of the Corporation as at that date are entitled to receive notice of the Meeting and to vote at the Meeting.

The authorized capital of the Corporation consists of an unlimited number of Common Shares. As at April 13, 2018, 273,118,329 Common Shares were issued and outstanding. Each Common Share carries the right to one vote at the Meeting on a poll.

Two or more holders of not less than ten percent of the shares entitled to vote at the Meeting present in person or represented by proxy will constitute a quorum at the Meeting.

Principal Holders of Voting Securities

To our knowledge, there are no persons beneficially owning or exercising control or direction, directly or indirectly, over 10% or more of the voting rights attached to all issued and outstanding Common Shares.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many Shareholders of the Corporation, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this Information Circular as "Beneficial Shareholders" or "Non-Registered Holders") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those shares will not be registered in the Shareholder's name on the records of the Corporation. Such shares will more likely be registered under the name of the Shareholder's broker or an agent or nominee of that broker. In Canada, the vast majority of shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting shares for the broker's clients.

There are two kinds of Beneficial Shareholders or Non-Registered Holders – those who object to their name being made known to the issuers of securities which they own (called OBOs for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called NOBOs for Non-Objecting Beneficial Owners). Subject to the provision of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of Reporting Issuers* ("NI 54-101"), issuers can request and obtain a list of their NOBOs from intermediaries via their transfer agents and use this NOBO list for distribution of proxy-related materials directly (not via Broadridge Investor Communications ("Broadridge")) to NOBOs.

We are taking advantage of those provisions of NI 54-101 that permit us to directly deliver proxy-related materials to our NOBOs who have not waived the right to receive them (and are not sending proxy-related materials using notice-and-access this year). As a result, NOBOs can expect to receive a scannable Voting Instruction Form ("VIF") together with the Notice of Meeting, this Information Circular and related documents from our transfer agent, Computershare. These VIFs are to be completed and returned to Computershare in the envelope provided. In addition, Computershare provides both telephone voting and internet voting as described on the VIF itself which contain complete instructions. In that regard, Computershare is required to follow the voting instructions properly received from NOBOs. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the VIFs they receive. **NOBOs should carefully follow the instructions of Computershare, including those regarding when and where to complete VIFs that are to be returned to Computershare.**

Should a NOBO wish to attend and vote at the Meeting in person, the NOBO must insert the NOBO's name (or such other person as the NOBO wishes to attend and vote on the NOBO's behalf) in the blank space provided for that purpose on the VIF and return the completed VIF to Computershare or the NOBO must submit, to the Corporation or Computershare, any other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxy holder. In such circumstances with respect to proxies held by management in respect of securities owned by the NOBO so requesting, the Corporation must arrange, without expense to NOBO, to appoint the NOBO or a nominee of the NOBO as a proxy holder in respect of those securities. Under NI 54-101, if the Corporation appoints a NOBO or a nominee of the NOBO as a proxy holder as aforesaid, the NOBO or nominee of the NOBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that may come before the Meeting and any adjournment or continuance thereof, unless corporate law does not permit the giving of that authority. Pursuant to NI 54-101, if the Corporation appoints a NOBO or its nominee as proxy holder as aforesaid, the Corporation must deposit

the proxy within the timeframe specified above for the deposit of proxies if the Corporation obtains the instructions at least one (1) business day before the termination of that time. **If a NOBO or a nominee of the NOBO is approved as a proxy holder pursuant to such request, the appointed proxy holder will need to attend the Meeting in person in order for their votes to be counted.**

NOBOs that wish to change their vote must contact Computershare to arrange to change their vote in sufficient time in advance of the Meeting.

In accordance with the requirements of NI 54-101, we have distributed copies of the Notice of Meeting, this Information Circular and related documents (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for onward distribution to OBOs. Intermediaries are required to forward the Meeting Materials to OBOs unless in the case of certain proxy-related materials the OBO has waived the right to receive them. Very often, Intermediaries will use service companies such as Broadridge to forward the Meeting Materials to OBOs. With those Meeting Materials, Intermediaries or their service companies should provide OBOs of Common Shares with a "request for voting instruction form" which, when properly completed and signed by such OBO and **returned to the Intermediary or its service company**, will constitute voting instructions which the Intermediary must follow. The purpose of this procedure is to permit OBOs of Common Shares to direct the voting of the Common Shares that they beneficially own. The Corporation will pay for Intermediaries to deliver the proxy-related materials and request for voting instruction form to OBOs.

Should an OBO wish to vote at the Meeting in person, the OBO must insert the OBO's name (or such other person as the OBO wishes to attend and vote on the OBO's behalf) in the blank space provided for that purpose on the request for voting instruction form **and return the completed request for voting instruction form to the Intermediary or its service provider** or the OBO must submit, to their Intermediary, any other document in writing that requests that the OBO or a nominee of the OBO be appointed as proxy holder. In such circumstances an Intermediary who is the registered holder of, or holds a proxy in respect of, securities owned by an OBO is required under NI 54-101 to arrange, without expense to the OBO, to appoint the OBO or a nominee of the OBO as a proxy holder in respect of those securities. Under NI 54-101, if an Intermediary appoints an OBO or the nominee of the OBO as a proxy holder as aforesaid, the OBO or nominee of the OBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of the Intermediary, in respect of all matters that may come before the Meeting and any adjournment or continuance thereof, unless corporate law does not permit the giving of that authority. Pursuant to NI 54-101 an Intermediary who appoints an OBO or its nominee as proxy holder as aforesaid is required under NI 54-101 to deposit the proxy within the timeframe specified above for the deposit of proxies if the Intermediary obtains the instructions at least one (1) business day before the termination of that time. **If the OBO or a nominee of the OBO is appointed a proxy holder pursuant to such request, the appointed proxy holder will need to attend the Meeting in person in order for their votes to be counted.**

OBOs should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered.

Only registered Shareholders have the right to revoke a proxy. OBOs of Common Shares who wish to change their vote must, sufficiently in advance of the Meeting, arrange for their respective Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set out above.

The proposed amendment has been incorporated in an amended and restated option plan (the "Amended Option Plan"). The only difference between the Plan and the Amended Option Plan is that the maximum number of Common Shares that may be issued under the Amended Option Plan has been increased from 12,500,000 Common Shares to 27,000,000 Common Shares (or approximately 9.9% of the number of the Common Shares issued and outstanding on the date hereof). The description of the Amended Option Plan in this Information Circular does not take in account the effect of the Share Consolidation described below. Shareholder approval will be required the next time that the Corporation seeks to increase the maximum number of Common Shares that may be reserved for issuance under the Amended Option Plan.

The Amended Option Plan has been approved by the Board but is still subject to the approval of Shareholders and the TSX-V. The policies of the TSX-V do not require that the amendment be approved by a majority of disinterested Shareholders. The Board of Directors and Management of the Corporation believe that the proposed Amended Option Plan is in the best interests of the Corporation and its Shareholders.

The Option Plan Resolution

The complete text of the Option Plan Resolution, which Management intends to place before the Meeting for confirmation and ratification, with or without modification, is as follows:

"IT IS HEREBY RESOLVED that:

1. the increase in the maximum number of Common Shares that may be issued under the Corporation's stock option plan from 12,500,000 Common Shares to 27,000,000 Common Shares is hereby approved; and
2. any one (or more) director(s) or officer(s) of the Corporation is authorized and directed, for and on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file

any and all applications, certificates, forms, declarations, agreements, articles and other documents and instruments and do all such other acts and things (whether under corporate seal of the Corporation or otherwise) that may be necessary or desirable to give effect to this resolution."

Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote "For" the ordinary resolution to approve the Amended Option Plan. To be effective, the resolution must be passed by not less than a majority of the votes cast by Shareholders in person or by proxy at the Meeting. **The Board of Directors recommends that Shareholders vote "For" the ordinary resolution to approve the Amended Option Plan.**

Approval of the Share Consolidation

At the Meeting, Shareholders will be asked to consider and, if deemed advisable, to pass the special resolution set forth below, approving an amendment to the Corporation's articles of incorporation to consolidate its issued and outstanding Common Shares (the "Share Consolidation"). If the special resolution is approved, the Board of Directors of the Corporation will have the authority, in its sole discretion, to select the exact consolidation ratio, provided that (i) the ratio may be no smaller than one post-consolidation share for every five (5) pre-consolidation Common Shares and no larger than one post-consolidation share for every ten (10) pre-consolidation Common Shares, and (ii) the number of pre-consolidation Common Shares in the ratio must be a whole number of Common Shares.

Approval of the special resolution by holders of Common Shares would give the Board of Directors authority to implement the Share Consolidation at any time prior to May 29, 2019, subject to any required regulatory approvals. In addition, notwithstanding approval of the proposed Share Consolidation by Shareholders, the Board of Directors, in its sole discretion, may revoke the special resolution, and abandon the Share Consolidation without further approval or action by or prior notice to Shareholders. The Share Consolidation is also subject to the approval of the TSX-V.

Certain risks associated with the Share Consolidation and related information, are described below.

Certain Risks associated with the Share Consolidation

The Corporation's total market capitalization immediately after the Share Consolidation may be lower than immediately before the Share Consolidation.

A decline in the market price of the Common Shares after the Share Consolidation may result in a greater percentage decline than would occur in the absence of a consolidation, and the liquidity of the Common Shares could be adversely affected following the Share Consolidation.

The Share Consolidation may result in some Shareholders owning "odd lots" of less than 100 Common Shares on a post-consolidation basis which may be more difficult to sell, or require greater transaction costs per Common Share to sell.

These are only some of the risks associated with the Share Consolidation.

No Fractional Shares to be Issued

No fractional Common Shares will be issued in connection with the Share Consolidation. If, as a result of the Share Consolidation, a registered Shareholder would otherwise be entitled to a fractional Common Share, the Corporation will round any fractional Common Shares in the following manner: each fractional Common Share that is at least 0.5 of a Common Share will be rounded up to the nearest whole Common Share and each fractional Common Share that is less than 0.5 of a Common Share will be rounded down to the nearest whole Common Share, provided that each Shareholder shall receive at least one (1) Common Share post-Share Consolidation.

Principal Effects of the Share Consolidation

If approved and implemented, the Share Consolidation will occur simultaneously for all of the Common Shares and the consolidation ratio will be the same for all of such Common Shares. The consolidation will affect all

Shareholders uniformly. Except for any variances attributable to fractional shares, the change in the number of issued and outstanding Common Shares that will result from the Share Consolidation will cause no change in the capital attributable to the Common Shares and will not materially affect any Shareholders' percentage ownership in the Corporation, even though such ownership will be represented by a smaller number of Common Shares.

In addition, the Share Consolidation will not affect any Shareholder's proportionate voting rights. Each Common Share outstanding after the Share Consolidation will be entitled to one vote and will be fully paid and non-assessable. The principal effects of the Share Consolidation will be that (i) the number of Common Shares issued and outstanding will be reduced from approximately 273,118,329 Common Shares as of April 13, 2018 to between approximately 54,623,665 and 27,311,833 Common Shares, depending on the ratio selected by the Board of Directors; and (ii) the numbers of Common Shares reserved for issuance under the Corporation's Stock Option Plan, as amended, and the number of Common Shares that may be purchased upon exercise of warrants will be reduced proportionately based on the consolidation ratio selected by the Board of Directors.

Effect on Non-Registered Shareholders

Non-registered Shareholders holding their Common Shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the Share Consolidation than those that will be put in place by the Corporation for registered Shareholders. Such non-registered Shareholders are encouraged to contact their bank, broker or other nominee if they have questions in this regard.

Effect on Share Certificates

If the proposed Share Consolidation is approved by Shareholders and implemented, registered Shareholders will be required to exchange their share certificates representing pre-consolidation Common Shares for new share certificates representing post-consolidation Common Shares. Following the announcement by the Corporation of the consolidation ratio selected by the Board of Directors and the effective date of the Share Consolidation, registered Shareholders will be sent a letter of transmittal from the Corporation's transfer agent, Computershare Investor Services Inc., as soon as practicable after the effective date of the Share Consolidation. The letter of transmittal will contain instructions on how to surrender certificate(s) representing pre-consolidation Common Shares to the transfer agent. The transfer agent will forward to each registered Shareholder who has sent the required documents a new share certificate representing the number of post-consolidation Common Shares to which the Shareholder is entitled. Until surrendered, each share certificate representing pre-consolidation Common Shares will be deemed for all purposes to represent the number of whole post-consolidation Common Shares, to which the holder is entitled as a result of the Share Consolidation.

Shareholders should not destroy any share certificate(s) and should not submit any share certificate(s) until requested to do so.

The Share Consolidation Special Resolution

Shareholders will be asked to consider, and if deemed advisable, to pass a special resolution substantially in the form noted below to permit the Share Consolidation. The Board of Directors and Management of the Corporation believe that the proposed Share Consolidation is in the best interests of the Corporation and its Shareholders.

The Share Consolidation Special Resolution

The complete text of the Share Consolidation Resolution, which Management intends to place before the Meeting for confirmation and ratification, with or without modification, is as follows

"IT IS HEREBY RESOLVED that the Corporation is hereby authorized to amend its articles of incorporation to provide that:

1. the authorized capital of the Corporation is altered by consolidating all of the issued and outstanding Common Shares of the Corporation without par value on the basis of a

- consolidation ratio to be selected by the Corporation's Board of Directors, in its sole discretion, provided that (i) the ratio may be no smaller than one post-consolidation Common Share for every five (5) pre-consolidation Common Shares and no larger than one post-consolidation Common Share for every ten (10) pre-consolidation Common Shares, and (ii) the number of pre-consolidation Common Shares in the ratio must be a whole number of Common Shares;
2. in the event that the consolidation would otherwise result in the issuance of a fractional share, each fractional share that is at least 0.5 of a Share will be rounded up to the nearest whole Share and each fractional Common Share that is less than 0.5 of a Share will be rounded down to the nearest whole Common Share, provided that each Shareholder shall receive at least one (1) Common Share post consolidation;
 3. the effective date of such consolidation shall be the date shown in the certificate of amendment issued by the Director appointed under the Canada Business Corporations Act ("CBCA") or such other date indicated in the articles of amendment provided that, in any event, such date shall be prior to May 29, 2019;
 4. any director or officer of the Corporation is hereby authorized and directed for and in the name of and on behalf of the Corporation to execute, or to cause to be executed, whether under the corporate seal of the Corporation or otherwise, and to deliver or cause to be delivered all such other documents and instruments, and to do or cause to be done all such other acts and things as, in the opinion of such director or officer, may be necessary or desirable in order to carry out the intent of this special resolution, including, without limitation, the determination of the effective date of the consolidation and the delivery of articles of amendment in the prescribed form to the Director appointed under the CBCA, the execution of any such document or the doing of any such other act or thing being conclusive evidence of such determination; and
 5. notwithstanding the foregoing, the directors of the Corporation are hereby authorized, without further approval of or notice to the Shareholders of the Corporation, to revoke this special resolution at any time before the Director issues a certificate of amendment."

Unless otherwise directed, the persons named in the enclosed form of proxy intend to vote "For" the special resolution to permit the Share Consolidation. To be effective, the resolution must be passed by not less than two thirds of the votes cast by Shareholders in person or by proxy at the Meeting. **The Board of Directors recommends that Shareholders vote "For" the special resolution to permit the Share Consolidation.**

CORPORATE GOVERNANCE

The following describes the Corporation's corporate governance practices pursuant to the disclosure requirements of National Instrument 58-101 – *Disclosure of Corporate Governance*. Policies, codes and mandates referenced herein are available on the Corporation's website at www.pelangio.com.

Board of Directors

The Board is currently composed of six directors, five of whom are non-management directors. The Board reviews the independence status of each individual director annually. In that regard, the Board considers a director to be independent if he has no direct or indirect material relationship with the Corporation, which in the view of the Board of Directors could reasonably be perceived to materially interfere with the exercise of the director's independent judgment. In that regard, the Board has determined that five of the directors are independent as set out below:

Ingrid J. Hibbard	-	Non-independent
David V. Mosher	-	Independent
Carl J. Nurmi	-	Independent
David Paxton	-	Independent
Ian Shaw	-	Independent
Kevin Thomson	-	Independent

Ms. Hibbard is a member of management and therefore is not an independent director.

For a list of other directorships held by each Nominee, please see “*Matters to be Acted Upon at the Meeting - Election of Directors*”.

See “*Matters to be Acted on at the Meeting – Election of Directors*”, above, for more information about each director including share ownership.

Mr. Carl Nurmi has been appointed the Chairman pursuant to the Corporation’s Policy and Mandate for the Chairman of the Board.

The independent directors do not hold regularly scheduled meetings at which members of management are not in attendance, rather a portion of each meeting is set aside for meetings of the independent directors if requested. The Board uses its committee structure to facilitate functioning and operation of the Board independently of management.

The Board has established two committees of directors, being the Audit Committee and the Compensation Committee. Each committee is responsible for key corporate governance matters as discussed below and is composed solely of independent directors. Each Board committee operates independently of management.

The Board requires that directors provide disclosure to it of all boards and committees that they are members of, and all offices held at other issuers. We also require conflicts of interest to be disclosed to the Board. In the event that conflicts of interest arise, a director who has such a conflict is generally required to abstain from voting for or against the approval of the matter. In addition, in considering transactions and agreements in respect of which a director has a material interest the Board will require that the interested person absent themselves from portions of Board or committee meeting so as to allow independent discussion of points in issue and the exercise of independent judgment.

The Board believes that all directors should attend all meetings of the Board and all meetings of each committee on which a director is a member. Please see *Matters to be Acted on at the Meeting – Election of Directors*”, above, for a summary of the attendance of the Board and committee members from January 1, 2017 to December 31, 2017.

Board Mandate

The Board has adopted a written mandate, the Board of Directors Mandate in which it has explicitly assumed responsibility for our stewardship and responsibility for overseeing the management of our business. In that regard, the Board carries out its mandate directly or through its committees described below. The responsibilities of the Board include:

- (a) to the extent feasible, satisfying itself as to the integrity of the CEO and other executive officers and that the CEO and other executive officers create a culture of integrity throughout the organization;

- (d) succession planning (including appointing, training and monitoring senior management);
- (e) reviewing and assessing our internal control and management information systems; and
- (f) developing our approach to corporate governance, including developing a set of corporate governance principles and guidelines that are specifically applicable to us.

The Board has developed a Mandate for the Chairman of the Board as well as a Description of Duties of the Chief Executive Officer (“CEO”), both of which policies are on the Corporation’s website.

Chair

The Chair’s primary responsibility to the Board of Directors is to oversee the operations and affairs of the Board and to provide leadership to the Board to enhance the Board’s effectiveness. The Board has ultimate responsibility for the supervision of management of the Corporation.

Orientation and Continuing Education

The Board does not have a formal process for the orientation of new Board members regarding the role of the Board, its committees and its directors and the nature of operation of the business. New Board members are provided with written material to familiarize themselves with the Corporation and are provided the opportunity to meet with the President and CEO.

In addition, the Board also provides the opportunity for continuing education for our directors. The interested Board member either suggests courses or our President and CEO will suggest relevant courses for the Board member to attend.

Ethical Business Conduct

The Board has developed a Code of Conduct and Business Ethics designed to encourage and promote a culture of ethical business conduct. A copy has been provided to each of the Corporation’s directors, officers, employees and consultants. Our Code of Conduct is available on SEDAR at www.sedar.com. The Board has also implemented a Whistleblower Policy, whereby directors, officers, employees and consultants may relay any concerns they may have regarding the Corporation’s financial practices to the chair of the Board’s Audit Committee.

See "*Corporate Governance – Board of Directors*", above, for a discussion of steps taken to allow for the exercise of independent judgment.

Nomination of Directors

The Board as a whole undertakes the nomination of individuals to the Board.

Nomination of directors has been conducted through discussion by the Board and upon advice of the President and CEO taking into consideration the skill set of the proposed nominee and the skill sets of the existing Board members.

The President and CEO provides a list of nominees suggested by either herself, Shareholders or the Board, because of their corporate banking, financing, accounting, technical or geological expertise, which expertise would strengthen the overall skill set of the Board so that the Board would have an appropriate mix of expertise and professional background.

Majority Voting Policy

The Board of Directors has adopted a majority voting policy, which requires that a Director Nominee who receives more “withheld” votes than “for” votes, will promptly submit his or her resignation to the Compensation Committee for consideration. After review, the Compensation Committee will put forward a recommendation to the Board, and the Board’s decision to accept or reject the resignation will be disclosed to the public. The Director Nominee who submitted his or her resignation will not participate in the deliberations regarding the resignation. This policy does not apply in the case of contested director elections.

Compensation

Compensation of the President and CEO, Chief Financial Officer ("CFO"), any other senior officer, and the directors is recommended to the Board by the Compensation Committee and passed by the Board. See "*Corporate Governance – Board Committees - Compensation Committee*", below.

Compensation is determined in relation to current compensation standards in similar corporations and by assessment of individual performance. See "*Statement of Executive Compensation – Compensation Discussion and Analysis*".

Retirement Policy & Advisory Committee

In 2013, a retirement policy was adopted providing that directors may serve on the Board until the annual meeting of shareholders following their 80th birthday, and may not be re-elected after reaching age 80, unless this requirement is waived by the Board on the recommendation of the Compensation Committee. The Board has waived this requirement for Mr. Nurmi. In order to continue to benefit from the wisdom and experience of such directors they may continue to serve in an advisory role. Mr. Gordon Slade and Philip Olson are members of the Advisory Committee as of the date of this meeting.

Assessment

The Board, its committees and individual directors are annually assessed with respect to their effectiveness and contribution. The Compensation Committee annually reviews members, attendance, membership on committees of directors, and contributions of ideas.

Board Committees

Compensation Committee

The Compensation Committee’s role is to (i) establish a remuneration and benefits plan for directors, executives and other key employees; (ii) review the adequacy and form of compensation of directors and senior management; (iii) establish a plan of succession; (iv) undertake the performance evaluation of the CEO in consultation with the Chair; and (v) make recommendations to the Board as set out in the Compensation Committee Charter which the Committee has adopted and which sets out its mandate, and is available on the Corporation’s website. Mr. Eaton, previously a member of the Compensation Committee, passed away on April 10, 2017. Philip E. Olson, previously a member of the Compensation Committee, resigned from the Board of Directors on December 4, 2017.

STATEMENT OF EXECUTIVE COMPENSATION

National Instrument 51-102 – *Continuous Disclosure Obligations* requires the Corporation to disclose its executive compensation by providing in this Information Circular the disclosure required by Form 51-102F6V. The disclosure of executive compensation below is being made in accordance with Form 51-102F6V. Set out below, are particulars of compensation paid to the following persons (the "Named Executive Officers" or "NEOs"):

- (a) the CEO;
- (b) the CFO;
- (c) the most highly compensated executive officer, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year (as determined in accordance with the requirements under Form 51-102F6V – *Statement of Executive Compensation*); and
- (d) any individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year.

As at December 31, 2017, the end of the most recently completed financial year of the Corporation, the Corporation had two NEOs, Ingrid Hibbard, President and CEO, Paul Rokeby, CFO. The Corporation does not have any executive officers whose total compensation exceeded \$150,000 for the year ended 2017.

Compensation Discussion and Analysis

Compensation Committee

The Compensation Committee is primarily responsible for, among other things, the periodic review of the Corporation's short-term and long-term policies for attracting, retaining, developing and motivating executive officers of the Corporation. The Compensation Committee meets periodically to review compensation policies relating to the Corporation and its subsidiaries and to approve specific compensation awards and benefits. The CEO does not participate in discussions or reviews relating to her own compensation.

The Corporation's Compensation Committee currently comprises David Mosher (Chair), and Kevin Thomson. Mr. Eaton, previously a member of the Compensation Committee, passed away on April 10, 2017. Each of the members of our Compensation Committee is independent within the meaning set out in NI 52-110. In addition, none of our executive officers have served on the Compensation Committee (or in the absence of such committee the entire Board of Directors) of another issuer whose executive officer is a member of our Compensation Committee or the Board. See "*Corporate Governance – Board Committees - Compensation Committee*".

Executive Compensation Policies

The objectives of our compensation program are to:

- motivate executives to achieve corporate performance objectives and align their interests with the interests of our Shareholders;
- reward executives for exceptional contributions to corporate performance; and
- attract and retain qualified executive officers.

The Corporation's executive compensation policies are designed to recognize, and reward executive officers based upon individual and corporate performance, to be competitive with compensation arrangements of other junior gold exploration companies similar to the Corporation, and ideally to be consistent with the executive's contribution. In that regard, the Committee's policy is that executive officers of the Corporation, including the CEO and other Named Executive Officers, should be compensated based on the market value of the jobs they perform, their levels of performance and the performance of the Corporation while recognizing that the financial reality currently facing junior gold explorers. The Committee monitors levels of executive remuneration to determine whether overall compensation reflects the Corporation's objectives and philosophies and meets the Corporation's desired relative compensation position and will adjust compensation as appropriate.

Elements of Compensation

Executive officer compensation comprises base salary, annual bonus (short-term incentives) and participation in the Plan (long-term incentives). The Board and Committee consider the risks associated with the Corporation's compensation plans to be minimal. Cash compensation is closely monitored in the context of the Corporation's ongoing cash position. The Board and Management's ongoing oversight of the Corporation's operations and public disclosure minimizes any risks associated with Plan compensation.

In establishing executive officer compensation, the Compensation Committee references externally prepared industry surveys and the range of publicly available compensation data for executive officers of similar stage and profile junior exploration companies with similarly experienced and proven management.

The Compensation Committee sets out to establish target levels for base salaries and salary ranges which, over time, will be competitive with salaries for positions of similar responsibility and experience at public junior exploration companies of a similar profile. Individual levels, which are set annually, may vary from this objective, depending upon individual performance levels.

As noted above, the Corporation provides annual incentive compensation to executive officers, including the NEOs, through the provision of incentive bonuses. Incentive bonuses may be awarded annually, on a discretionary basis and with particular consideration of the Corporation's cash and working capital resources, to executive officers based upon a review of corporate and individual performance over the prior financial year relative to each executive officer's area of responsibility.

The Plan permits the granting of options ("Options") to purchase Common Shares to eligible participants. The Plan was designed to encourage executives, directors, officers, consultants and employees to focus on the long-term interests of the Corporation and its Shareholders. In making a determination as to whether a grant of long-term incentive stock options is appropriate, and if so, the number of options that should be granted, the Compensation Committee will consider:

- the number and terms of outstanding incentive stock options held by the grantee;
- the portion of the potential ownership of the Corporation that the Compensation Committee intends to transfer as compensation;
- the potential dilution to Shareholders and the cost to the Corporation;
- general industry standards;
- the limits imposed by the terms of the Plan and by the TSX-V; and
- the utility of rewarding NEOs' efforts to increase value for Shareholders without using cash from treasury.

Pursuant to the Corporation's Insider Trading Policy (a copy of which is available on the Corporation's website), insiders (in such context including directors, officers, employees and specified consultants), may not at any time (i) sell securities of the Corporation short, (ii) engage in any transaction in publicly traded options on Common Shares, including put or call options, or (iii) engage in short-term, speculative trading in the Corporation's securities.

The Corporation granted 1,395,000 Options on May 8, 2017 and 370,000 Options on June 16, 2017 pursuant to the Plan to directors, officers, employees and geological consultants. The terms and conditions of such option grants, including vesting provisions and exercise prices, are governed by the terms of the Plan, which are described below.

NEO Compensation

The Compensation Committee approves the salary and contract ranges for each NEO based on assessment of factors such as current competitive market conditions, compensation levels within the peer group and particular skills of the individual. On January 16, 2016, the Compensation Committee reviewed the CEO's employment agreement with the Corporation (see "*Termination and Change of Control Benefits*", below) The Chairman advised that management recognized the very unusual state of the general economy and the capital markets, particularly with respect to gold exploration companies, which has made it extremely difficult for the Corporation to raise funds for the last several years. On January 1, 2014, the CEO's salary was set at \$85,000 per year and all but \$36,000 was accrued for 2014. As of January 1, 2015, the CEO voluntarily reduced payment of her salary to \$1 per year with the remainder to be accrued. The CEO and the Corporation entered an agreement dated December 31, 2015, whereby it was agreed that amounts outstanding for salary accrued prior to January 1, 2015 in the amount of \$239,787.76 would be cancelled (the "Debt Cancellation").

The Board of Directors reduced the CEO's salary from \$85,000 to \$45,000 per year, effective July 1, 2017. This salary will be paid to the CEO.

At a meeting of the Compensation Committee held on April 25, 2017, the Committee recommended grants totaling 200,000 Options pursuant to the Plan to the CEO, and 20,000 Options pursuant to the Plan to the CFO.

Equity Compensation Plan

The Plan is a ‘fixed’ plan whereby the number of shares, which may be issued under the Plan shall not exceed 12,500,000. As at April 5, 2018, there were 8,260,000 Options outstanding under the Plan representing approximately 3.02% of the issued and outstanding Common Shares, leaving 1,525,000 that could be issued under the Plan. At the Meeting, Shareholders will be asked to vote on an ordinary resolution increasing the number of Common Shares issuable pursuant to the Plan to 27,000,000 Common Shares (or approximately 9.9% of the number of the Common Shares issued and outstanding on the date hereof). See “Approval of Amendment to the Stock Option Plan”.

Equity Compensation Plan Information as at December 31, 2017			
	Number of Securities to be issued upon exercise of outstanding options (a)	Weighted average exercise price of outstanding options (b)	Number of securities remaining available for future issuance under option plan (excluding securities reflected in column (a))
Stock Option Plan (equity compensation plan approved by Shareholders)	8,060,000	\$0.051	1,725,000

The purpose of the Plan is to provide incentive to the Corporation’s employees, officers, directors, and consultants responsible for the continued success of the Corporation. The Plan provides that the Board may from time to time grant Options to any person who is a bona fide employee, officer or director of us or one of our subsidiaries or a consultant to us or to one of our subsidiaries. The Options are non-assignable and non-transferable otherwise than by will or by laws governing the devolution of property in the event of death of the optionee or to personal holding companies and certain registered plans. Each Option entitles the holder to one Common Share, subject to certain adjustments. The Board determines the exercise price for Options granted pursuant to the Plan on the date of the grant, which price may not be less than the market value. Market value is the closing board lot sale price of the Common Shares on the trading date immediately preceding the date of grant and if there is no board lot sale price, the last board lot sale price prior thereto. The term of the Options granted is determined by the Board, which term may not exceed a maximum of 10 years from the date of the grant. Unless otherwise determined by the Board, Options vest in four equal tranches, with 25% of the Options granted vesting on the date of grant and 25% vesting at each six-month interval thereafter. Options vest immediately if, within 12 months of a change of control (as defined in the Plan), (i) the Optionee’s employment, engagement or directorship is terminated for reasons other than cause or (ii) the Optionee has suffered a material adverse change in the location, salary, duties or responsibilities assigned to the Optionee and has provided 30 days’ notice in writing to the Corporation or related entity to the Corporation of such material adverse change. Pursuant to the Plan, the Board may impose additional terms and conditions on Options. The Plan does not contemplate that the Corporation will provide financial assistance to any Optionee in connection with the exercise of the Option.

The Plan includes the following restrictions:

- (a) The number of Common Shares issuable to insiders, at any time, under the Plan and any other security-based compensation arrangement of the Corporation shall not exceed 10% of the issued and outstanding Common Shares;
- (b) The number of Common Shares issued to insiders, within any one-year period, under the Plan and any other security compensation arrangement of the Corporation shall not exceed 10% of the issued and outstanding Common Shares;
- (c) The total number of Common Shares that may be reserved for issuance to any one person pursuant to Options granted under the Plan in any one year shall not exceed 5% of the outstanding Common Shares on the date of grant;

- (d) The number of Options granted under the Plan in any one-year period to any one consultant may not exceed 2% of the issued and outstanding Common Shares; and
- (e) The number of Options granted under the Plan in any one-year period to any employee or a related entity of the Corporation conducting Investor Relations Activities, as defined in Policy 1.1 of the *TSX-V Corporate Finance Manual* may not exceed 2% of the issued and outstanding Common Shares.

Unless otherwise determined by the Board, if the holder of the Option ceases to be an eligible holder under the Plan as a result of:

- (a) disability or retirement on or after the normal retirement age prescribed by the Corporation's applicable retirement plan or policy or due to early retirement as may be approved by the Board, the holder has up to 90 days to exercise any vested Options;
- (b) termination of employment, engagement or directorship within the six months following a change of control, the holder has 180 days from the date of such termination to exercise any vested Options;
- (c) death, the holder's estate has 365 days to exercise any vested Options; and
- (d) any reason other than death, disability, retirement, change of control or cause, the holder has 90 days to exercise vested Options;

provided that no Option may be exercised following the expiration of the applicable exercise period.

If a holder's employment, engagement or directorship is terminated for cause, all Options of that holder shall lapse and become null and void immediately upon termination.

In the event that Pelangio:

- subdivides, consolidates, or reclassifies its outstanding Common Shares, or makes another capital adjustment or pays a stock dividend, the number of Common Shares receivable under the Plan will be increased or reduced proportionately;
- amalgamates, consolidates with or merges with or into another body corporate, holders of Options under the Plan will, upon exercise thereafter of such Option, receive in lieu of Common Shares, such other securities, property or cash which the holder would have received upon such amalgamation, consolidation or merger if the Option was exercised immediately prior to the effective date of such amalgamation, consolidation or merger; and
- makes any other change affecting the Common Shares, the Board may make any adjustment it deems necessary or equitable by the Board to reflect the event;

The Plan also provides that if:

- the exchange or replacement of our shares with those in another Corporation is imminent because of a proposed merger, amalgamation or other corporate arrangement or reorganization, the Board may, in a fair and equitable manner, determine the manner in which all unexercised Options shall be treated including, requiring the acceleration of the time for the exercise of the Options by the holder and of the time for the fulfillment of any conditions or restrictions on such exercise; and
- an offer to purchase all of the Common Shares is made by a third party, the Board may require the acceleration of the time for the exercise of the Option and the time for the fulfillment of any conditions or restrictions on such exercise.

The Board may, subject to the terms and conditions in the Plan and the requirements of the securities regulators and the TSX-V, from time to time amend, suspend or terminate the Plan in whole or in part. Pursuant to the Plan, the Board is specifically authorized to amend or revise the terms of the Plan without obtaining Shareholder approval in the following circumstances:

- (a) to change the vesting provisions;
- (b) to change the termination provisions of the Option or Plan which does not extend beyond the original expiry date;
- (c) to add a cashless exercise feature, payable in cash or securities, whether or not the feature provides for a full deduction of the number of underlying Common Shares from the reserved Common Shares; and
- (d) other amendments of a housekeeping nature, including the correction or rectification of any ambiguities, defective or inconsistent provisions, errors, mistakes or omissions herein and updating provisions herein to reflect changes in the governing laws, including tax laws and the TSX-V requirements.

The Board may also amend or terminate any outstanding Options, including, but not limited to, substituting another award of the same or of a different type or changing the date of exercise, provided, however, that the holder of the Option must consent to such action if it would materially and adversely affect the holder. The exercise price of any outstanding Option may not be reduced unless Shareholder approval is obtained. The Plan also requires that disinterested Shareholder approval be obtained in accordance with regulatory requirements if the exercise price of any outstanding option granted to an insider is reduced or the exercise period extended to the benefit of insiders.

In addition, the Plan and any outstanding Options thereunder may be amended or terminated by the Board if the amendment or termination is required by any securities regulators, a stock exchange or a market as a condition of approval of a distribution to the public of Common Shares, or to obtain or maintain a listing or quotation of our Common Shares.

The Plan must be reapproved by Shareholders in the event that the fixed number of Options issuable was increased under the Plan in the future, in accordance with the requirements of the TSX-V.

Any Shareholder may obtain a copy of the Plan by request to our Corporate Secretary at 416-848-7727.

Management and Employment Contracts

Management functions of the Corporation are substantially performed by senior officers or directors of the Corporation and not, to any substantial degree, by any other person with whom the Corporation has contracted.

The Corporation entered into an amended and restated employment agreement with the CEO, effective as of September 6, 2008 and amended as of May 26, 2009, June 2, 2012, January 1, 2013, and January 1, 2014. The employment agreement, as amended, is for an indefinite term and currently provides for an annual salary of \$85,000 for the CEO, subject to annual review, while also providing for annual discretionary bonuses and participation in the Plan. It provides that the CEO shall devote approximately 85% of her time, to the Corporation.

Until June 30, 2017, the CEO's salary was accrued. Beginning July 1, 2017, the CEO shall be paid a salary of \$45,000 per annum until such time as the Board of Directors in its sole discretion, determine the accrued amount be paid in whole or in part.

The CEO's employment agreement may be terminated upon 60 days written notice to the Corporation. See "*Termination and Change of Control Benefits*" for a discussion of change of control benefits.

The CFO invoices the Corporation for his services as CFO through MNP, an accounting partnership of which the CFO is a partner, and which also provides general financial accounting services to the Corporation. The CFO does not have a written agreement with the Corporation or a set salary in respect of his services. The Committee reviews the amounts payable to the CFO through this arrangement on an annual basis and has determined that the amounts invoiced during 2017 were reasonable and in line with industry practices.

Termination and Change of Control Benefits

The employment agreement of the CEO, as amended, provides that, upon a change of control (as defined therein) of the Corporation, the CEO, as applicable, shall be entitled to elect to terminate the employment agreement within 120 days of such change of control, and the Corporation shall be obligated to pay (i) an amount equal to three-times base annual salary; (ii) an amount equal to three-times the bonus paid or payable, if any, in respect of the immediately preceding fiscal year; and (iii) an amount equal to two-times the present value (as agreed between the employee and the Corporation, acting reasonably and failing such agreement, determined by the auditors of the Corporation), of the benefits payable to the employee under the terms of the employment agreement. If the CEO had terminated her employment due to a change of control as at December 31, 2017, the CEO would have been entitled to an aggregate payment of approximately \$135,000.

Under the Plan, the CEO's unvested Options vest upon a change of control (as defined in the Plan) if her employment is terminated for any reason other than for cause by Pelangio or if the CEO terminated her own employment following such change of control because there was a material adverse change in location, salary, duties or responsibilities of the CEO in the 12 months following such change of control and she provided written notice to Pelangio within 30 days of such material adverse change. In the event that a change of control had occurred as at December 31, 2017, such provision would result in the vesting of Options worth nil, as the exercise price of all unvested options were above the market price of the Pelangio Shares as of such date.

INDEBTEDNESS OF DIRECTORS AND OFFICERS

No existing or proposed director, executive officer or any employee of the Corporation is indebted to the Corporation, or any other entity where the indebtedness is the subject of a guarantee, support agreement, letter of credit or similar arrangement provided by us or any of our subsidiaries by our present and former executive officers, directors and employees.

DIRECTORS AND OFFICERS INDEMNIFICATION AND INSURANCE

There was no indemnification payable this financial year to our directors or officers.

The Corporation maintains liability insurance for its directors and officers in the aggregate amount of \$5,000,000 subject to a \$25,000 loss deductible payable by the Corporation. The Corporation paid the premium, in the amount of \$17,058, for the period from June 30, 2016 to June 30, 2017.

SHAREHOLDERS PROPOSALS

APPENDIX A
PELANGIO EXPLORATION INC.
(the "Company")
Audit Committee Charter

The Audit Committee (the "Committee") is a committee of the board of directors (the "Board") of the Company. The role of the Committee is to provide oversight of the Company's financial management and of the design and implementation of an effective system of internal financial controls as well as to review and report to the Board on the integrity of the financial statements of the Company, its subsidiaries and associated companies. This includes helping directors meet their responsibilities, facilitating better communication between directors and the external auditor, enhancing the independence of the external auditor, increasing the credibility and objectivity of financial reports and strengthening the role of the directors by facilitating in-depth discussions among directors, management and the external auditor. Management is responsible for establishing and maintaining those controls, procedures and processes, and the Committee is appointed by the Board to review and monitor them. The Company's external auditor is ultimately accountable to the Board and the Committee as representatives of the Company's shareholders.

Duties and Responsibilities

External Auditor

- To recommend to the Board, for shareholder approval, an external auditor to examine the Company's accounts, controls and financial statements on the basis that the external auditor is accountable to the Board and the Committee as representatives of the shareholders of the Company.
- To oversee the work of the external auditor engaged for the purpose of preparing or issuing an auditor's report or performing other audit, review or attest services for the Company, including the resolution of disagreements between management and the external auditor regarding financial reporting.
- To evaluate the audit services provided by the external auditor, pre-approve all audit fees and recommend to the Board, if necessary, the replacement of the external auditor.
- To pre-approve any non-audit services to be provided to the Company by the external auditor and the fees for those services.
- To obtain and review, at least annually, a written report by the external auditor setting out the auditor's internal quality-control procedures, any material issues raised by the auditor's internal quality-control reviews and the steps taken to resolve those issues.
- To review and approve the Company's hiring policies regarding partners, employees and former partners and employees of the present and former external auditor of the Company. The Committee has adopted the following guidelines regarding the hiring of any partner, employee, reviewing tax professional or other person providing audit assurance to the external auditor of the Company on any aspect of its certification of the Company's financial statements:
 - (a) No member of the audit team that is auditing a business of the Company can be hired into that business or into a position to which that business reports for a period of three years after the audit;
 - (b) No former partner or employee of the external auditor may be made an officer of the Company or any of its subsidiaries for three years following the end of the individual's association with the external auditor;
 - (c) The CFO must approve all office hires from the external auditor; and,
 - (d) The CFO must report annually to the Committee on any hires within these guidelines during the preceding year.
- To ensure that the head audit partner assigned by the external auditor to the Company, as well as the audit partner charged with reviewing the audit of the Company, are changed at least every five years.
- To review, at least annually, the relationships between the Company and the external auditor in order to establish the independence of the external auditor.

Financial Information and Reporting

- To review the Company's annual audited financial statements with the CEO and CFO and then the full Board. The Committee will review the interim financial statements with the CEO and CFO.
- To review and discuss with management and the external auditor, as appropriate:

- To review the quality and not just the acceptability of the Company's financial reporting and accounting standards and principles and any proposed material changes to them or their application.
- To review with the CFO any earnings guidance to be issued by the Company and any news release containing financial information taken from the Company's financial statements prior to the release of the financial statements to the public. In addition, the CFO must review with the Committee the substance of any presentations to analysts or rating agencies that contain a change in strategy or outlook.

Oversight

- To review the internal audit staff functions, including:
 - (a) The purpose, authority and organizational reporting lines;
 - (b) The annual audit plan, budget and staffing; and
 - (c) The appointment and compensation of the controller, if any.
- To review, with the CFO and others, as appropriate, the Company's internal system of audit controls and the results of internal audits.
- To review and monitor the Company's major financial risks and risk management policies and the steps taken by management to mitigate those risks.
- To meet at least annually with management (including the CFO), the internal audit staff, and the external auditor in separate executive sessions and review issues and matters of concern respecting audits and financial reporting.
- In connection with its review of the annual audited financial statements and interim financial statements, the Committee will also review the process for the CEO and CFO certifications (if required by law or regulation) with respect to the financial statements and the Company's disclosure and internal controls, including any material deficiencies or changes in those controls.

Membership

- The Committee shall consist solely of three or more members of the Board, each of whom the Board has determined has no material relationship with the Company and is otherwise "unrelated" or "independent" as required under applicable securities rules or applicable stock exchange rules.
- Any member may be removed from office or replaced at any time by the Board and shall cease to be a member upon ceasing to be a director. Each member of the Committee shall hold office until the close of the next annual meeting of shareholders of the Company or until the member ceases to be a director, resigns or is replaced, whichever first occurs.
- The members of the Committee shall be entitled to receive such remuneration for acting as members of the Committee as the Board may from time to time determine.
- All members of the Committee must be "financially literate" (i.e., have the ability to read and understand a set of financial statements such as a balance sheet, an income statement and a cash flow statement).

Procedures

- The Board shall appoint one of the directors elected to the Committee as the Chair of the Committee (the "Chair"). In the absence of the appointed Chair from any meeting of the Committee, the members shall elect a Chair from those in attendance to act as Chair of the meeting.

- The Chair will appoint a secretary (the "Secretary") who will keep minutes of all meetings. The Secretary does not have to be a member of the Committee or a director and can be changed by simple notice from the Chair.
- No business may be transacted by the Committee except at a meeting of its members at which a quorum of the Committee is present or by resolution in writing signed by all the members of the Committee. A majority of the members of the Committee shall constitute a quorum, provided that if the number of members of the Committee is an even number, one-half of the number of members plus one shall constitute a quorum.
- The Committee will meet as many times as is necessary to carry out its responsibilities. Any member of the Committee or the external auditor may call meetings.
- The time and place of the meetings of the Committee, the calling of meetings and the procedure in all respects of such meetings shall be determined by the Committee, unless otherwise provided for in the bylaws of the Company or otherwise determined by resolution of the Board.
- The Committee shall have the resources and authority necessary to discharge its duties and responsibilities, including the authority to select, retain, terminate, and approve the fees and other retention terms (including termination) of special counsel, advisors or other experts or consultants, as it deems appropriate.
- The Committee shall have access to any and all books and records of the Company necessary for the execution of the Committee's obligations and shall discuss with the CEO or the CFO such records and other matters considered appropriate.
- The Committee has the authority to communicate directly with the internal and external auditors.

Reports

- The Committee shall produce the following reports and provide them to the Board:
 - (a) An annual performance evaluation of the Committee, which evaluation must compare the performance of the Committee with the requirements of this Charter. The performance evaluation should also recommend to the Board any improvements to this Charter deemed necessary or desirable by the Committee. The performance evaluation by the Committee shall be conducted in such manner as the Committee deems appropriate. The report to the Board may take the form of an oral report by the Chair or any other member of the Committee designated by the Committee to make this report.
 - (b) A summary of the actions taken at each Committee meeting, which shall be presented to the Board at the next Board meeting.
